WORK EXPERIENCE
Internship

- **Regex Software Services**
  - Built full-stack applications using MongoDB, Express.js, React, and Node.js.
  - Designed and implemented RESTful APIs for smooth integration of frontend and backend.
  - Collaborated with the team to improve UI performance and reduce page load time.

- **Grras Solutions Pvt. Ltd.**
  - Developed responsive web interfaces using HTML, CSS, and JavaScript.
  - Focused on modern design principles and cross-device compatibility.
  - Enhanced website usability by improving navigation and layout consistency.

- **Anikanta Technologies Private Limited**
  - Built and tested predictive models, improving accuracy through data preprocessing and optimization.
  - Gained hands-on experience with ML algorithms, neural networks, and generative AI tools.

PROJECTS

- **BUMBLE-BEE (Web-based Retail Application)**
  - Developed a full-stack e-commerce platform using React.js, Node.js, Express.js, and MongoDB.
  - Implemented secure user authentication, product catalog, and shopping cart functionality.
- **TuneUp (Music Player Website)**
  - Built a music player web application using HTML, CSS and JavaScript.
  - Implemented core features such as playlist creation, play/pause, and next/previous track control.
- **Portfolio Showcase Website**
  - Developed a personal portfolio website to demonstrate full-stack development skills using HTML, CSS, JavaScript, React.js, and Vite.
  - Showcased multiple UI/UX design variations with responsive layouts and interactive components.
